

HP Planet Partners

It's cartridge return and recycling – made easy

Simply return used Original HP and Samsung Toner and Original HP Ink Cartridges to your HP Authorized Recycling Partner and leave the rest to us.

FOR 30 YEARS WE'VE BEEN MAKING A DIFFERENCE—TOGETHER.

The HP Planet Partners return and recycling program offers free and convenient recycling of Original HP and Samsung Toner Cartridges and Original HP Ink Cartridges.¹ Since 1991, more than 916 million Original HP and Samsung Toner Cartridges have been returned and recycled worldwide.² That's your impact, amplified!

PROGRAM BENEFITS

- Free and easy
- Helps reduce your environmental impact

CARTRIDGES RETURNED THROUGH THE HP PLANET PARTNERS PROGRAM ARE NEVER SENT TO A LANDFILL.

All HP cartridges returned to HP Planet Partners go through a multiphase recycling process. During the process materials are refined and separated for use in new Original HP Cartridges and other everyday products, without jeopardizing quality or reliability.

GET INVOLVED:

Amplify your impact, recycling with Authorized Partners of the HP Planet Partners Program at local collection locations is even more impactful than recycling your cartridges individually. Your local partner is able to return large volumes of cartridges in one shipment—reducing emissions caused by transportation.

QUALIFIED PRODUCTS:

- Only Original HP and Samsung Toner Cartridges and Original HP Ink Cartridges.

NON-QUALIFIED PRODUCTS:

- Non-HP or Non-Samsung brands
- Refilled, remanufactured, relabeled, or clone cartridges
